

Going Back to School

I really enjoy being at home with my family I've been home with them for a few weeks now

Sometimes I cry when it's time to go back to school

I can take 5 deep breaths and tell myself: "I will come home when school is over"

When vacations are over, it's time for children to go back to school

Instead, I can try to high five or wave when I leave

When I get home, I can see and hug my family members

Going to school is important: I can learn and play with my friends!

I can tell myself: When school is done, I can come back home!

I will always come home from school!
