

Going to a Birthday Party

When I show up at a party, I make sure to give my friend his present!

At the party, you will see lots of other children having fun

After that, I'll be sure to wish my friend a big "Happy Birthday!"

There might be some fun games, like the Pinata Game

Then we can eat something: there will be plenty of food!

When it's chow time, we usually gather around the table and eat together

After we sing "Happy Birthday," it's time for my buddy to make a wish and blow out those candles on the cake!

Before leaving, I might get a lolly bag or something else

Then it'll be that moment to say our goodbyes and give a big thank-you hug to my friend!
